Equipment Policy

In order for students to maximise their learning, it is *vital* that they have the correct equipment with them.
We expect <u>all</u> students to bring the following to school each day:

Chromebook	Students must bring their Chromebook (fully charged) to school everyday. Chromebooks should not be used during break or lunch unless given direct permission by a member of staff.
Stationery	Students must carry three pens *(2x black/blue and <u>1x green</u>)*, two pencils, a ruler and rubber in their pencil case at all times. A whiteboard will be supplied by the school. A pencil sharpener, a set of colouring pencils, highlighters, green biro pens, a 4B pencil and a fine-liner *(Art)* are not essential but are highly recommended.
Pencil Case	Students must keep all stationery within a pencil case. Students move to several different classrooms throughout the day and this ensures their equipment does not get lost and is easily accessible.
School Bag	Books and equipment should be carried in a substantial bag which should fit inside a locker. **Handbags and clutch bags are not acceptable.**
Reading Book	All students in years 7 to 9 must have their Accelerated Reader *('AR')* library book with them at all times.
Scientific Calculator	For both Maths and Science, students will be required to use a scientific calculator. The following model is highly recommended: Casio FX-85GTPLUS Scientific Calculator *(£8-£10 on www.amazon.co.uk).* Calculators can also be purchased from our Maths and Science departments.
Headphones	Students should bring a set of headphones in order to access multimedia content in lessons. The most basic headphones are more than adequate, but they must have a 3.5mm connector, rather than newer models that come with smartphones with a USB-C or 'lightning' connector. Headphones are sold in the school stationery shop in the Library.
